PROFESSIONAL SUMMARY

Results-driven Web Developer with hands-on experience building responsive and scalable web applications using Angular, JavaScript, TypeScript, HTML5, and CSS3. Skilled in frontend engineering, REST API integration, Git-based workflows, debugging, responsive UI development, and Agile collaboration. Strong foundation in software engineering principles, enterprise technical support, and modern web technologies with a passion for creating user-focused digital solutions. Proven ability to learn quickly, solve technical problems efficiently, and contribute effectively within collaborative engineering environments.

TECHNICAL SKILLS

- Frontend Development: Angular, React, JavaScript (ES6+), TypeScript, HTML5, CSS3
- Backend & APIs: RESTful API Integration, Node.js Basics
- Tools & Platforms: Git, GitHub, VS Code
- Databases: MySQL, MongoDB Basics
- Software Engineering: Responsive Design, Component-Based Architecture, Debugging, Testing
- Development Practices: Agile Methodologies, Version Control, Technical Documentation
- IT & Networking: Technical Support, System Troubleshooting, TCP/IP Networking
- Operating Systems: Windows OS, Linux Basics

PROFESSIONAL EXPERIENCE

End User Support Analyst – T2mobile (Formerly 9mobile – EMTS)

July 2023 – January 2026

- Provided enterprise-level technical support for end users across multiple departments.
- Configured and maintained operating systems, enterprise applications, and user workstations.
- Diagnosed and resolved hardware, software, and network-related issues to ensure operational continuity.
- Supported software deployment, endpoint configuration, and patch management processes.
- Collaborated with technical teams to improve system reliability and support efficiency.
- Applied cybersecurity best practices to maintain endpoint security and reduce vulnerabilities.

Angular Developer (Remote Intern) – XardTek

October 2022 – May 2023

- Developed responsive frontend applications using Angular, TypeScript, JavaScript, HTML5, and CSS3.
- Integrated RESTful APIs into dynamic web applications.
- Collaborated with developers using Git-based version control workflows.

- Participated in debugging, testing, and frontend optimization activities.
- Worked within Agile development environments to implement project requirements.

Angular Developer Intern – MJ Tech Solutions, Kaduna

August 2021 – October 2022

- Built reusable frontend components and responsive interfaces using Angular.
- Integrated backend APIs to support application functionality.
- Assisted in debugging, testing, and maintaining web applications.
- Collaborated with backend developers to implement application features.

WEB DEVELOPMENT PROJECTS

CrowdSource Reporting System (CSRS).

A real-time crowdsourced security reporting web app with a multi-step incident form, live threat feed, severity classification, and anonymous reporting, developed with React, TypeScript, and Tailwind CSS with component-based architecture, controlled form state, and responsive dark-themed UI.

Inventory Management Web Application.

Developed a responsive inventory management system using Angular and REST API integration with CRUD functionality, role-based workflows, and dynamic UI rendering.

Responsive Portfolio Website.

Designed and deployed a responsive developer portfolio showcasing projects, technical skills, and frontend engineering capabilities.

Frontend Dashboard Interfaces.

Implemented reusable UI components and responsive dashboard layouts optimized for user experience and accessibility.

EDUCATION

B.Sc. Computer Science – Bayero University, Kano

January 2017 – November 2021

Certificate in Computer Science – Kano State Polytechnic

January 2015 – February 2016

CERTIFICATIONS

- JavaScript Algorithms and Data Structures – FreeCodeCamp
- CyberSecurity Certification – TechCrush Academy (ACTD Accredited)
- Cisco Certified Network Associate (CCNA) – Cisco
- Learn Programming with JavaScript – OpenClassrooms
- BSAFE Information Security Awareness – UNDSS

ADDITIONAL INFORMATION

- Strong analytical and problem-solving abilities
- Excellent communication and teamwork skills
- Passionate about frontend engineering and modern web technologies
- Available for remote, hybrid, and onsite opportunities
